SCHOOL OF MEDICINE

The Division of Geriatrics, Gerontology & Palliative Care

Today is Triton Giving Day!

At UC San Diego, the Division of Geriatrics, Gerontology, and Palliative Care is united by a shared commitment to improving the health, independence, and quality of life of older adults and those living with serious illness. This Triton Giving Day, you can support that mission through two impactful funds.

Gifts to the **Geriatrics & Gerontology Research, Education and Clinical Needs Fund** help advance person-centered care for older adults, support innovative research, and train the next generation of clinicians to meet the growing needs of our aging population.

Donations to the **Palliative Care Excellence Fund** strengthen interdisciplinary care teams that provide comfort, symptom management, and emotional support for patients and families facing serious illness.

Together, these efforts ensure compassionate, high-quality care at every stage of aging and illness. We are grateful for your support in advancing this vital work.
